

# AGRICULTURE PROJECTS FUNDED IN ALABAMA

by USDA's  
Sustainable Agriculture Research and Education (SARE) Program  
1988-2018

Alabama has been awarded \$3,647,358 grants to support 80 projects, including but not limited to, 19 research and/or education projects, 10 professional development projects and 19 producer-led projects. Alabama has also received additional SARE support through multi-state projects.
